Period:

Instructions: Refer to your completed artwork as you answer the questions. Use complete sentences.

Worksheet will not be graded if sentences are incomplete.

Use 2 or more sentences to explain.

2. Identify two areas of your composition where you used contrast successfully.

3. Your project has directional movement. How does your eye “flow” through the composition? Where does your eye “start” and “end”?

4. What would you do differently if you were to do this project again? (This can be about any portion of the project.)

5. What part of the project/unit did you enjoy the most? (“Finishing it” is not an appropriate answer. We all feel satisfaction when we complete something!) Think of all the steps you took to complete the work (including the perspective drawing, using the strings, numbering the values, etc.).

6. Provide one sentence of advice for future Art 1 students who will complete this assignment:
