12. Sign the pledge after reading below. VERY IMPORTANT!

I will not create a perspective drawing that has razor edges. I will not create a perspective drawing that has only 5 values. I will not create a drawing that has lines (thus not shading them to create depth). I will not go outside of the lines when shading (either in my space or my boxes, etc.). I will not start shading my space until I have finished shading the buildings first. **All lines will go straight up and down or MUST GO TO A VANISHING POINT!**
